

VETERAN FIRE FIGHTER DEAD

J. M. O'Connor Succumbs Following Old Cold Contracted at Fire Here.

John M. O'Connor, 55, member of fire department, company three, and cousin of alderman J. P. O'Connor, died at Hotel Dies Saturday morning. The funeral will be held from McBean, Simmons & Hartford chapel, Monday morning, 8:45 o'clock with services at St. Patrick's cathedral at 9 o'clock. Interment will be in Evergreen cemetery.

Came From Ireland.
Mr. O'Connor was a resident of El Paso for 32 years, having come here from Ireland. He had been a fire fighter for 27 years, serving at first as a volunteer. His death, it is thought, was the outcome of an old cold contracted while combating a fire two years ago.

Home at Fire Station.
Home for Mr. O'Connor had always been at the fire station until his condition became critical, six months ago, when he was persuaded by fire marshal W. H. Williams to make his home at Hotel Dies two weeks ago.

One brother in California is the only known relative surviving, besides alderman O'Connor.

CLARENCE M. L. JONES.
The funeral of Clarence M. Jones, 31, who died at a local sanatorium, Friday afternoon, was held from the St. J. Kater chapel Saturday morning. Rev. J. P. Williams officiating. CAPT. DAVIDSON SPENT BIG SUM

"I struck the right thing when I got this Tanlac," he says.

Capt. J. A. Davidson, one of the best known conductors in the employ of the Memphis Railway Company, residing at 632 Marshall avenue, Memphis, Tenn., is very enthusiastic over the merits of Tanlac.

"I suffered for five or six years with stomach trouble and indigestion," said Capt. Davidson. "My food would sour and ferment in my stomach and form gas that made me miserable. I was so nervous that I could not get any rest or sleep and in spite of all the medicines I took and I spent hundreds of dollars for medicine, I got worse all the time until I thought I would have to give up my run."

"I certainly struck the right thing when I got this Tanlac! The change in my feelings is just wonderful. I couldn't tell that I had ever had indigestion, by the way I feel now. I have the highest kind of an appetite, just can't eat enough to satisfy me, and nothing disagrees with me. The nervousness has left me entirely and I sleep like a log at night and I am feeling like a new man. All my friends and acquaintances are talking about my wonderful improvement. Tanlac is sold by Kelly & Pollard, Inc., and People's drug store.—Adv.

"THE POPULAR" NEW MEXICANS

Much Suffering Reported In Western Part of the State.

Magdalena, N. M., Nov. 16.—Socorro county has suffered seriously from the influenza epidemic for some weeks. San Marcial was for some time sorely afflicted, but with the partial cessation of the danger in that vicinity, Socorro, Magdalena and the western part of the county have taken their turn with dire results.

A most serious condition is said to prevail in the small settlements near the Arizona border at Luna, Pecos, Reservoir and Aragon.

At Socorro, the disease has made great headway, but is now reported on the decline.

Magdalena has had a large number of cases, but few if any fatalities, due to the epidemic alone.

Kelly, three miles from Magdalena, and at an altitude of 1600 feet or more, reports some light cases. One or two fatalities resulted there a few weeks ago.

Schools throughout the county are being opened up as the danger decreases.

San Marcial and Kelly have resumed their sessions and it is expected that the Magdalena schools will reopen next week.

INFLUENZA BREAKS OUT AFRESH AT BISBEE, ARIZ.

Bisbee, Ariz., Nov. 16.—A new outbreak of influenza and pneumonia here, following the peace celebration Monday, has prompted continuance of the quarantine at least ten days longer. The malady is especially prevalent among women and children.

REPORTS FIVE DEATHS.

Four deaths in the family of Manuel Chavira and one in that of Pedro Ramon, and about 30 other persons ill with influenza, were reported in El Paso by J. V. Shiner, owner of a ranch near Ahwery station, lower valley. "There are many persons ill with influenza," he said, "and so far neither the city nor the county has extended any relief."

FOUND ROAD FROM EL PASO TO ALAMOGORDO WAS GOOD

The following report on the Alamogordo road was received Saturday morning at automobile headquarters from F. C. Hall:

"The road along the E. P. & S. W. track from El Paso to Alamogordo, I found in good condition the entire way. The road is a little rough around Valmont and sandy around Newman. The trip can be made easily in four hours. I consider the new road much better than the old route."

H. C. Edger of central Oklahoma, reported the road via Fort Worth to El Paso generally good.

R. J. Brooks, of central Kan., who reached El Paso Friday en route to California for the winter, reported heavy rains and snow en route in Roosevelt and said he expected several hours at Clovis on account of rains.

S. A. Simmons, of east Texas, registered at the city Friday afternoon, coming via San Antonio, Del Rio, Fort Stockton and Marfa. The roads were rough in stretches, especially between Del Rio and Orono. The road between Valentine and Marfa was had and Mr. Simmons was forced to go the Lobo cutoff.

The northern route to California is in bad shape on account of heavy rains and some snow, according to tourists making the trip this week. The southern route to California via Phoenix and Parker cutoff is good with the exception of rough roads beyond Phoenix, the club reported.

Bordering the route to Deming was reported good since the rains.

ALDERMAN SIMMONS THINKS STREET PAVING WILL GO ON

"As soon as the government restrictions are removed as to the using of materials for paving, which will probably be several months yet as to all necessary because of war necessities, I believe the work of paving all of El Paso's streets now contracted for and suspended because of war necessities, will go right ahead," said alderman Frank H. Simmons, head of the street committee.

"The city has bonds issued to pay for the intersection and as every thing is signed up for a number of streets in the city, it is probable to him going ahead with the paving. Improvement of Copia street is especially needed."

Aldermen J. P. O'Connor and W. J. Griffith were of the opinion that if financial conditions were good when the government restrictions are removed that the street paving contracted for would go on.

The city has approximately \$80,000 worth of the \$100,000 voted yet on hand.

JACK SHEERS SELLS OUT; GOES TO LIVE IN DENVER

Jack Sheers is to leave El Paso. After a residence here for four years, during which time he has made many friends and a success in the business field, he has sold his entire interest in the Sheers Hardware company and will leave shortly for Denver, where he has made a most satisfactory business connection. Mr. Sheers came here in 1914 from Texas City, Tex., for the benefit of Mrs. Sheers' health. She has improved greatly here, but he believes she will further benefit in the Denver climate. During his residence here, Jack Sheers has been identified with all the movements for the benefit of El Paso. He is an active Kiwanian and has also been identified with other organizations in the city.

WOULD BUY BOOZE OF SHERIFF.

The city detectives office is not the only place in the city where it is supposed that "bootlegging" is taken in raids, for, according to a story from the sheriff's office at Comanche, N. M., a man approached the sheriff Friday with the request that he would like to buy a flask of whiskey. He mentioned that he had two sick sons and said: "I was told if I could get some whiskey for them, the officers informed him that El Paso was absolutely dry."

GETS \$500 DAMAGES.

W. T. Henderson was awarded \$500 damages from the G. H. & S. A. railroad in the fifth district court Judge Ballard Caldwell, Friday, to reimburse him for stock lost in a shipment recently made from here to a point in Arizona.

MAYOR DAVIS ILL.

Mayor Charles Davis was confined to his home on Saturday on account of illness.
